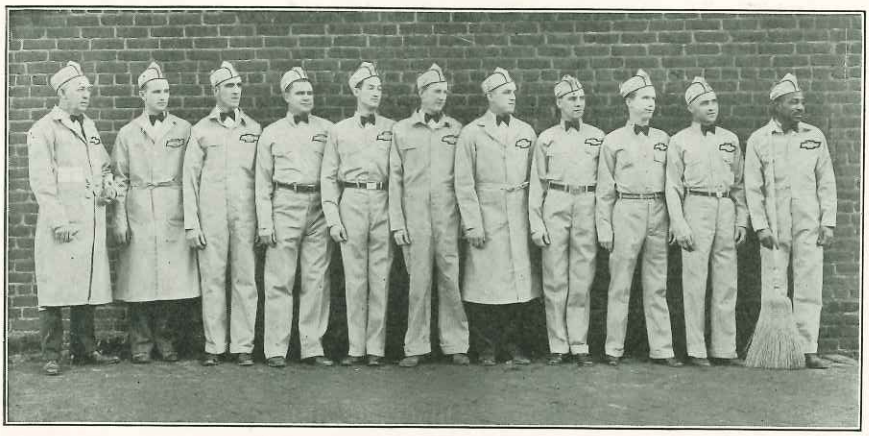
CRAWFORD MANUFACTURING COMPANY, INC.

Richmond, Va. — Kansas City, Mo. — Dallas, Tex.

"The Clean Shop Gets the Business"

Before

Do you see your mechanics the same as the car owner? Very often men who are careless about their appearance are careless about their work.



After

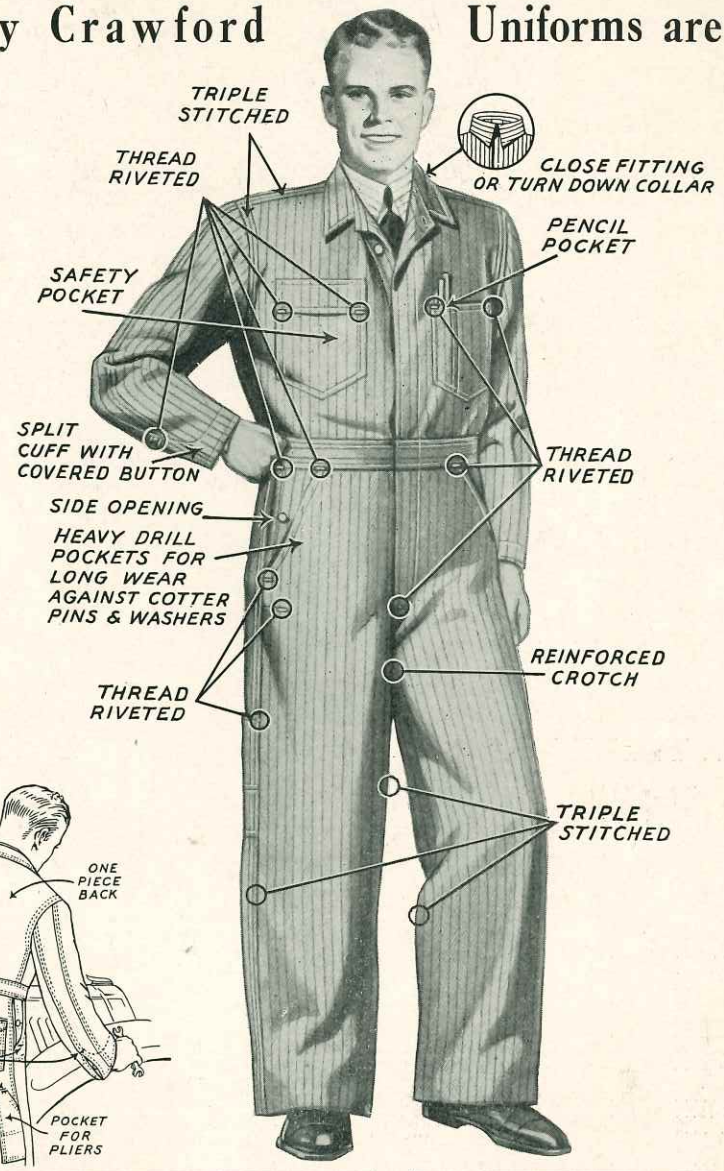
Car owners like to go where the workmen are clean and neat. Business is hard enough to get. Help to keep it by "dressing" up your men.

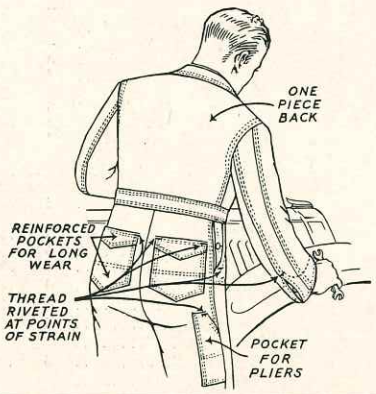
It Pays To Protect The Owner's Car

It Pays to Protect the Owner's Car with Crawford Shop Covers.

Customers Treated Like This Seldom Come Back. Why Take a Chance?

Why Crawford Uniforms are Superior





Crawford Shirts Have Extra Long Tails to Keep Them from Working Out of Pants While Stooping.

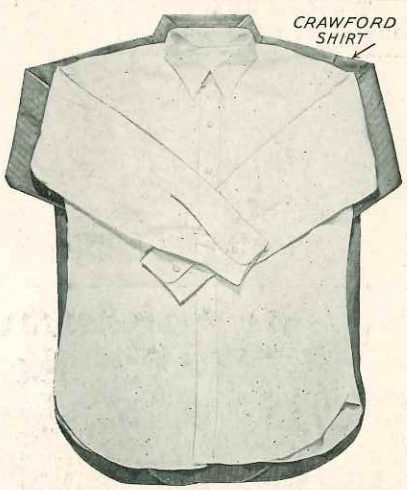


Illustration Above Shows Comparison of Crawford Shirt and a Well Known Nationally Advertised Shirt of the Same Size That Sells for $2.50.

DeLuxe Shopsutes

French Gray Material

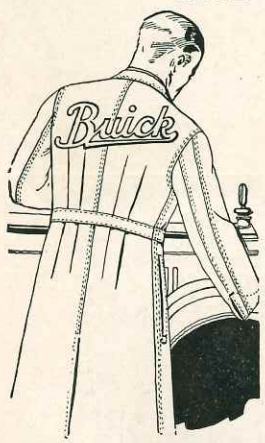
Crawford's Exclusive Balanced Cloth

This is the finest cotton uniform fabric made. First, because in a uniform, the material must have "looks and eye value." French Gray has this, plus—by weaving the fine threads with a left twist, we get the two-tone herringbone effect. It costs twice as much to dye our French Gray because it must be Fade Proof (fast color). Then comes the sanforizing, and last the beautiful mercerized finish. Has 40% more strength in filling threads.

OXFORD GRAY WHIPCORD

This is a tough, high count material that will stand hard wear and at the same time have eye appeal.

Sanforized shrunk is the last word in shrinking. Buy a size to fit in the beginning.



DeLuxe Shopcoats

How to Order

We cannot guarantee against shrinkage because we have no control over methods of laundering.

This material is sanforized shrunk and under ordinary laundering should not shrink more than 1½ inches in the length. Order one size larger than your suit of clothes. Do not order extra size if suit is worn next to the body. Specify regular, slim or stout.

CRAWFORD DELUXE

SHIRTS AND PANTS

Smart Uniforms for High Class Shops

French Gray—Balanced Cloth—Sanforized Shrunk—Fast Color

Fits When You Buy It and Keeps Right on Fitting

Attractive uniforms give the impression of efficiency, neatness and cleanliness. This appeals especially to ladies and most men. Car owners will patronize this type of shop whether it is that of a car dealer or an independent.

DeLuxe Shirts

The Balanced Cloth means extra strength in the filling threads (across the grain) where extra strength is needed. They are full cut, extra roomy with long tails.

The buttons are unusually durable and well sewed on. We don't think any mechanic will ever regret buying a Crawford DeLuxe Shirt.

How to Order

This shirt is made full and is sanforized shrunk. Order the same size collar as you would a good dress shirt. No special sleeve length.

No. 116 Shirt

8-Ounce Heavy Khaki Twill

Crawford khaki is the finest count, toughest 8-ounce twill construction and the most expensive fabric of this type we can buy. It is commercially dyed and not guaranteed against fading.

White Herringbone

A beautiful creamy white herringbone twill. Outside of the khaki it is one of our most popular materials.

Fine Count Coverts

A good quality fine count covert that is always in demand. It makes a serviceable garment at a medium price.

How to Order

These materials are sanforized shrunk and under ordinary laundering should not shrink more than 1½ inches in the length.

Order one size larger than your dress suit of clothes. Do not order extra size if suit is worn next to body.

PROCESS No. 984—Dealers' Net Cost for Special Design Art Work and Stencil

These prices are for making drawing and stencil for special designs, such as buildings, people, animals, etc., and for trade marks other than automobile, tire and oil companies. This cost for art work and stencil is charged on first order only. Stencil is saved for six months after each order, so additional tire covers can be ordered as often as needed without again paying for stencil. Painting from stencil is extra. See Process No. 983 above.
